# SVG Tracks & Support

*Used Tools & Refurbishment Services*

Offering SVG Track users refurbished tools, parts, upgrades, mods, expertise, installation, and training.

Photos are of refurbished SVG 8X series tracks restored to new condition. Tools are equipped with modern day electronics featuring PC controller with GUI, unlimited recipes, data capture, Ethernet, and optional SECS/GEM.

**Announcement:** In 2004, PicoTrack introduced its very own photo track. Since then we shipped about 300 tools of various configurations. Adopting the industries best practices, we now offer random access robotics with duel end effectors, stacked modules, and a high reliability platform.
